### Safe Church Compliance Requirements for Supply Preachers

In response to requests from presbyteries and ministers the Safe Church Unit (SCU) advises the Church of the following compliance requirements for Supply Preachers (preachers who fill the pulpit on any Sunday) within the denomination. These requirements are part of the implementation of Safe Church PCV.

*Please contact SCU with any enquiries in relation to these requirements.*

#### Supply Preachers are required to have:

- 1) A current Victorian Working With Children Check (WWCC) registered with the preacher's own church and with the Presbyterian Church of Victoria – 156 Collins Street Melbourne - as an organisation attached to their Check.
- 2) Completed Safe Church training either with the Presbyterian Church of Victoria (PCV) or with another denomination or Christian organisation.

#### FAQs

*Are the 2 requirements only required of those who preach, or is 'filling the pulpit' meant to cover wider scenarios?*

'Filling the pulpit' means the activity of being the leader of worship and preaching for the day, because in that leading and in the preaching, the preacher carries authority and is acting in that event as a person of authority.

*Does it, for example, include a member of the congregation who might be asked share their salvation testimony, and who does so in place of the sermon on that occasion?*

No.

*Does it include a missionary speaking at length in a service while on deputation?*

No.

*How can you verify that a preacher from a PCV church has completed Safe Church training?*

Contact SCU via email or phone to enquire about the preacher's completion of Safe Church training and ask SCU to confirm in email the completion date of the training.

*What about the case of a preacher from another denomination, who has a WWCC, but has not done the PCV's own Safe Church training? Is the preacher required to do the PCV training before the preacher can fill the pulpit?*

If the preacher is from another denomination and holds a current WWCC, request the preacher to provide evidence of completing the relevant denominational child safety and/or Safe Church/Ministry training. For example, a certificate of completion or email from the denomination/organisation confirming completion of training.

*What about a member of a congregation who leads the service that morning, including reading the Bible, leading the singing and overseeing the times of prayer and intercession, but who does not preach the sermon? Although not having preached the 20 minute sermon, this portion of the service may have accounted for the majority of the service - 40 minutes plus.*

We are only referring to the person who leads the worship and preaches, or preaches only, as this person stands in the position of authority for that day.

*How can church leaders practically verify that a Supply Preacher has a WWCC?*

Ask the preacher to provide you with their WWCC details. Go to <https://service.vic.gov.au/services/working-with-children-check-status-checker/transaction#check> to confirm that the WWCC is current. Alternatively, contact SCU to verify. If the WWCC is not current, or is subject to an Exclusion, or the preacher does not have a WWCC, the preacher cannot preach.

*Do Supply Preachers register their WWCC as a 'Volunteer' or an 'Employee' of the PCV?*

Supply Preachers in the PCV register as a 'Volunteer' with the Church. Any enquiries relating to this are to be directed to the SCU.

**As a courtesy, please provide copies of the PCV Safe Church Policy and Code of Conduct to Supply Preachers for their information and understanding of the Church's position concerning abuse prevention and response - thank you.**

*These requirements are also available at [www.safechurchpcv.org.au/resources](http://www.safechurchpcv.org.au/resources)*
